

## Call for Proposals for RethinkBlue Training Schools - Invitation for Local Organizers

Dear RethinkBlue Action Members,

We are excited to announce that we are seeking proposals from RethinkBlue Action members who are interested in organizing a Training School.

The proposal should align with our Action's Training School framework and adhere to the Annotated Rules Level C. We are looking for well-organized events that offer comprehensive training and promote knowledge sharing among our RethinkBlue Action members. We are seeking proposals for three training schools to take place in the next two years. As can be seen in the attached **framework (section 3.2)**, preferred topics relate to methods ("Policy analysis", "Collaborative methods for data collection and data analysis", "Dissemination and impact: Engaging with different audiences"), and combine these with one of the Action themes (conflicts and cooperation, blue justice, etc.).

### Requirements

- **Local Organizer:** The Local Organizer (LOS) must be a member of the RethinkBlue (CA22122) COST Action at the time of proposal acceptance.
- **Framework & Rules:** Proposals should adhere to the Training School framework and the Annotated Rules Level C. These documents are attached for your reference. The Training School framework also contains preferred topics for the Training schools, based on a previous survey among Action members.
